  - ***Have you heard of Matterport 3D tours? Let me fill you in.***
  - ***The 3D tour that is revolutionizing the way homes are sold. Want to learn more?***
- 

Hello ***John Doe***,

Are you looking to give your agents a new service that is proven to win listings and sell homes faster? 3D tours from Matterport are revolutionizing the way real estate is bought and sold and are now available in your area!

Top brokerages like Alain Pinel, Coldwell Banker and RE/MAX use Matterport to attract top agents and win more listings. In fact, when an online shopper sees a property listing that includes Matterport, they are 60% more likely to email the listing agent and 95% more likely to call, according to REA Group (the largest real estate portal in Australia).

View one of my sample 3D tours here: ***[add link]***. Feel free to have your agents use this tour risk-free in their listing presentations to wow their clients. You can always schedule a 3D scan with me after the listing has already been won.

If you would like to create a 3D model for one of your listings, simply reply to this email or call ***XXX-XXX-XXXX***. I can scan your listing and have a 3D model prepared the same-day, depending on the size of the home. I'm happy to discuss pricing further to make this service easily accessible to your agents.

I look forward to hearing from you.
